REVIEW OF THE WILMINGTON MARKET, FOR THE WEEK ENDING DEC. 10TH, 1857.

We have nothing new to note in the leading articles since our review of Thursday last. The arrivals of country produce have been better, but under the unfavorable advices from Europe the market has ruled unsettled. Crude and Spirits Turpentine remain about the same, but the market closes inactive. Rosin of all grades rules decidedly dull, and transactions limited to a few small lots. Tar shows an advance of 5 cents. Cotton shows a decline, and is dull .-The Provision market is better supplied, and rates have materially declined. Owing to the crowded state of our columns, and the limited operations, our review this week will be found meagre, and confined principally to such article in which transactions have taken place. TURPENTINE-The market during the week just ended ha

Saturday ... 1,100..... 2 55..... 2 55..... Monday ..... Tuesday . . . . . . 1,104. . . . 2 55. . . . 2 55. . . . 1 55 Spirits Turpentine—Since our last the market for this article has been unsettled, with prices fluctuating from 38 to 39 cents # gallon-the bulk of the sales, however, at highest price. Sellers generally are holding at 39 cents, but

ruled steady at former quotations, with a fair demand from

shippers and distillers. The receipts have been rather bet-

Rosin-Has ruled quiet since our last, and nothing of consequence has been done in either grade. We quote small learn that there are more buyers than sellers. No sales of

\$1 50 to \$2 \$2 bbl., as in quality. TAR-Has been brought in very slowly, and appears to be in more enquiry. A lot of 59 bbls. sold on Tuesday at \$1 15 \$\overline{\pi}\$ bbl., clear of extra—equal to about \$1 20. BARRELS - Market very well stocked with Spirits Turpentine barrels, and demand limited. We quote small sales during the week at \$1 75 to \$1 90 for second hand, and \$1 85 a \$2 each for new, as in quality-cash and time. Corron-Under the unfavorable advices from Europe the market has ruled exceedingly quiet, and rates have receded a shade. Receipts confined to small lots, and we note only

I OFFER FOR SALE MY PLANTATION IN Brunswick County, known as the OAKS, containing 144 acres Rice Land—120 of which is under cultivation; about 300 acres of Oak Upland, one-third cleared and good and has ruled decidedly dull during the week. GRAIN-In CORN we have nothing to report in the absence of receipts. The stock in dealers hands is light, though ful-Terms made easy. Possession given the 1st January ly sufficient for present purposes, and demand limited. We quote nominally at 70 cents & bushel. — OATS—We note the receipts by dealers of about 2,500 bushels from Baltimore since our last review, which have gone into store, but no transactions except in the retail way. We quote cargo price at 40 to 42 cents # bushel, as in quality. ing worthy of note done in Peas, Rice or Wheat, and we refer to table for quotations.

HAY.—In good supply, and dull. A cargo of 307 bales Eastern received and sold on Saturday at 80 cents ₹ 100 fbs. PEA NUTS-Arrive sparingly, and sell from carts at 65 ts. ? bushel for good quality. POTATOES .- The market is better supplied with Irish, and demand moderate. A lot of 100 bbls. sold from wharf on Saturday at \$3 \$\varphi\$ bbl. We reduce figures a shade, and quote from store at 13\frac{1}{2}a14 cents \$\overline{a}\$ lb., as in quality;—very few (if any) shoulders on market, and we quote nominally at 12a12½ cents.——Lard.—Market bare of N. Flour-No change worthy of notice. CHARLESTON, Dec. 7 .- Cotton .- The market was in a very unsatisfactory and unsettled state through the day .sales, which reached fully 2200 bales, were made at about Saturday's prices. Some 200 bales, of this amount were sold after the the European advices were made public, too little, of course, to established a market, and it remains to be seen what effect these advIces will have on prices. The sales of the day may be classed as follows, viz: 15 bales at 9\(\frac{1}{2}\); 25 at 10; 268 at 10\(\frac{1}{2}\); 360 at 10\(\frac{1}{2}\); 30 at 10\(\frac{1}{2}\); 491 at 10\(\frac{1}{2}\); 162
